

## Power Plant 4, Mongolia

After successful completion of Transformer and Turbine Oil Filtration Mr Galbadrakh, the head of Research and Development for Power Plant 4, expressed his thanks to Techenomics and said that the filtration service was a big contributor to their maintenance work.

They were also very satisfied with the results and the completion of services, as well as the written analysis and reports provided by Techenomics.

Mr Galbadrakh said that Power Plant 4 plans to use Techenomics' services in the future.
